with the Scout's name!

Everything that you take to camp except for your pillow, sleeping bag, chair and small backpack must fit into your Camp Box. Your Camp Box is a HDX brand 27 gallon heavy duty plastic box that is black with a yellow lid. The HDX boxes are available at Home Depot. This box will be loaded into the Troop Trailer and will not be accessible until arrival at Camp. This box will be used at Camp to store all of your gear under your bed.

Any Clothing/Personal Items/Personal Gear you will need during the trip on the way to Camp should be packed separately in a backpack or duffle bag. Scouts will be given the opportunity to combine/transfer these items between storage devices upon arrival at Camp.

You may also bring a small school type backpack with personal items for use while traveling in the vehicles. No electronics are allowed in Camp. That is, no cell phones, CD/MP3 players, electronic games, etc. These items may be used while traveling but must be stored in the vehicles for the duration of Summer Camp.
